

BEEN DIAGNOSED WITH CHLAMYDIA OR PELVIC INFLAMMATORY DISEASE?

We would like to
hear about your
experiences

Have you recently been diagnosed with chlamydia or pelvic inflammatory disease at this clinic? Are you aged 16-44 years?

Tell us about your experiences in an anonymous online survey, and you will receive a \$20 gift voucher.

Information from this study will help to improve what happens when someone is diagnosed with chlamydia and/or pelvic inflammatory disease at the doctor.

For more information and to complete the survey, visit:

<https://go.unimelb.edu.au/k68e>

You can also contact us at mocca-info@unimelb.edu.au if you have any questions.
